IMPRESSIONS Please report on the most important aspects of your trips.	Back to basics: - the members need to know how to prepare for Latihan, to do awareness/body testing to deepen receiving. Other themes:- Forgiveness. Latihan in daily life, the need to be together to strengthen communication and understand the Subud life, Helper/committee work and relationship between the two, relationship between national helpers and national council, working together - harmony.
DEWAN MEETINGS Any information you care to share about meeting among yourselves this past year.	Since both Lavasir and Hamidah joined our team we have strengthened the feeling of harmony and working together. The bubble is now between the lines of the dewan spirit level!
CONDITIONS Have impressions of your Area changed, and if so, how?	We are cautiously optimistic that things are changing for the better within the brotherhood. E.g. Britain is holding Helper days. Russia - the members are getting on better. Spain seems to be more harmonious and is integrating with Portugal. France is more outward looking. Italy is more integrated. In R.D Congo the members are receiving more deeply. South Africa has a stronger structure. Tanzania has joined the Subud community and is developing well. Bosnia and Croatia develops slowly. In Algeria the group is developing once more. This is by no means a comprehensive selection.
WORLD CONGRESS Do you have specific ideas to share about the future direction & priorities of the WSA?	Raise awareness of the work of MSF. Develop and expand the work and breadth of the MSF. Improve relationship between WSA and SDI. Improve the understanding of the members of what the WSA is. Integrate the work of the Wings into the mainstream - no more lonely wing chairs. Fund raising is a separate and unique skill and hence suggest we appoint a WSA/MSF fundraiser.
WSC MEETING What would you like to see addressed at the 2009 WSC meeting?	Suggest changing name Kejiwaan Councillor to Zonal Helper. Also the term dewan has no particular significance and should be changed to team or group.
